- Biomedical & Social/Behavioral/Educational Research Topics
- Research Team Track

Co-Sponsors

Agenda and registration questions should be directed to:
Laurie Hassell at 206-465-4691 or lhassell@nwabr.org

IRB professionals holding the CIP credential who wish to use credits from this conference for recertification should select workshops that fall within the advanced tracks. CCIP accepts documentation of continuing education hours when the topics fall within the CIP Body of Knowledge and the education is intended to be beyond initial, basic or fundamental level education. 30 hours are required, of which at least 15 must carry CE credits issued by a recognized accrediting body. Appropriate hours from this conference can be used towards the 15 hours that are not required to carry CE credits.
